

The essential ATV - pure and simple

Take a lightweight chassis, superb handling and the power of a 348cc air-cooled, 4-stroke, single-cylinder engine and you get the Grizzly 350 2WD: an ATV that simply won't let you down.

Two-wheel drive keeps weight to a minimum, bringing even more to the Grizzly 350 - responsive and nimble handling across terrain, plus low running costs. Immensely capable, the 350 2WD can transport a combined load of up to 120 kg on its front and rear cargo racks - just as much as 4WD models.

Add double A-arm front suspension to the Grizzly 350's great handling and lightweight chassis, and you'll quickly appreciate the appeal of 2WD for the vast majority of riding duties.

- ▶ 348cc oil/air-cooled single cylinder engine
- ▶ Lightweight chassis
- ▶ Fully automatic Ultramatic® transmission
- ▶ Double A-Arm front suspension
- ▶ Hydraulic double-disc front brakes
- ▶ Push-button electric start
- ▶ Ergonomic design for rider comfort
- ▶ Fully-sealed under-seat drive case keeps water out
- ▶ Low running costs
- ▶ Reliable, low-maintenance shaft drive

Utility ATV Functionality, flexibility, durability and massive capability springing from a rock-solid platform of engineering excellence: these are the elements that give a Yamaha Utility ATV its authenticity.

Even supreme ability has no value if it cannot be easily deployed. Practicality is the catalyst that makes Yamaha ATVs so uniquely and effortlessly capable.

To perform the hardest work in the toughest environments, there are no ATVs better qualified or better engineered than Yamaha Utility ATVs. They are tireless workhorses. But that's not all they are. When time permits, Yamaha Utility ATVs can have fun too.

**Power and torque**

Peak torque is generated at lower engine speeds. The availability of high torque at low rpm - for increased traction - is a feature of all Yamaha's 4-stroke ATV engines. Ultramatic® transmission automatically applies engine braking to the driven wheels, giving you confidence on steep, downhill gradients.

Push button start

Easy push button electric starting in any gear is backed up by an auxiliary recoil starter for dependable, all-weather starting.

**Parking brake**

A convenient parking brake, situated on the left hand side of the handlebar, can be operated with one hand and makes sure your ATV stays where you left it.

Long-travel adjustable suspension

This type of suspension keeps a Yamaha ATV's tyres in consistent contact with the ground for longer - even when the terrain is uneven. Most Yamaha Utility ATVs have double A-Arm front suspension with preload-adjustability to optimise handling for different riders and cargo loads.

**Serious stopping-power**

Large-diameter ventilated hydraulic front disc brakes and a fully-sealed rear drum provide sure stopping power in a variety of conditions.

Cargo racks

A wrinkle-finish front carry bar and cargo racks are super-durable and can pack an incredible payload - up to a total of 120 kg (40 kg front, 80 kg rear).

<i>Engine</i>	<i>Grizzly 350 2WD</i>
Engine type	Single cylinder, 4-stroke, air-cooled, SOHC, 2-valves
Displacement	348cc
Bore x stroke	83.0 mm x 64.5 mm
Compression ratio	9.2 : 1
Lubrication system	Wet sump
Fuel system	Carburettor BSR33/1
Ignition system	DC-CDI
Starter system	Electric
Transmission system	Ultramatic® V-belt with rear wheel engine braking, F/N/R
Drive system	2WD
Final transmission	Shaft

<i>Chassis</i>	<i>Grizzly 350 2WD</i>
Front suspension system	Independent double wishbone, 5 position preload adjustment, 160 mm stroke
Rear suspension system	Swingarm, 5 position preload adjustment, 180 mm stroke
Front brake	Dual hydraulic disc
Rear brake	Sealed drum
Front tyres	AT25x8-12
Rear tyres	AT25x10-12

<i>Dimensions</i>	<i>Grizzly 350 2WD</i>
Overall length	1,984 mm
Overall width	1,085 mm
Overall height	1,120 mm
Seat height	827 mm
Wheelbase	1,233 mm
Minimum ground clearance	245 mm
Min. turning radius	3.0 m
Fuel tank capacity	13.5 litres
Oil tank capacity	3.1 litres

<i>Loading limits</i>	<i>Grizzly 350 2WD</i>
Front rack	40 kg
Rear rack	80 kg

<i>Additional features</i>	<i>Grizzly 350 2WD</i>
Steering System	Ackermann-type

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements. Yamaha Genuine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube® and BYE® helmets*. Yamalube® is our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you ride.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative riding gear designed to keep you comfortable and protected. An extensive range of casual wear is also available. For more information go to:
